[illegible] T.i.P.s were immediately subordinated to the Headquarters Com. in Chief resp Headquarters of the interior armed forces and Bodyguard Headquarters. (The office handling this department was major SZRAPKO) directly. They were supplied with material by the supply department of Headquarters. The large volume T.i.P.s handled the larger part of the in and outward bound personal traffic. The large volume T.i.P.s were the following

Hegyeshalom (highway, railroad)
Szob —"— , waterway
Lökösháza —"— —"—
Ferihegy Bp aerial

According to its heavy personal traffic the T.i.P of Zahony should be included but as this was the border-station between the S.U. and Hungary and its traffic concerned entry into either of these countries with the exception of passport control the supervision was not a strict, because this function has been taken over by the Soviet authorities who carried it out with the utmost precisness and with a large personnel (e.g. these Soviet railroad officials who came to the railway station of Zahony were NKVD men etc) in the area of which they were situated

These were the following:

Sopron
Vicsrda
Szentgotthard
Murakeresztur
Kelebia
Rajka
Biharkeresztes
Zahony
Szolnok
Hidasnemeti
Bajcsa
Szabadszallas
Budapest Pasmat
Komarom

The less volume T.i.P.s were organized similarly to the large volume T.i.P.s. The difference was only in the number of troops [illegible] from the
